Satpatra-8

Kalabhairav, Batuk Bhairav, Swarnakarshan Bhairav

Om Satashram

One day Brahma asked Vishnu to worship him as the supreme creator. Brahma became a little arrogant. Apart from this, he started forgetting Shiva's work and also started interfering in what Shiva should have done. As a result, Shiva threw a piece of hair from his head which took the form of Kaal Bhairav and Bhairav cut off one of Brahma's heads, Brahma's ego was destroyed and truth was established. In Satashram, the child form of Kaal Bhairav, Batuk Bhairav and the golden form of kaal Bhairav, (swarnakarshan bhairav) which attracts wealth and honour, are mainly worshiped by the devotees.

Satpatra-9

Mai Dhumavati

Om Satashram

One day Mother Parvati was very hungry, she went to Lord Shiva, but Lord Shiva ignored her, Mother Parvati ate Lord Shiva and after that all her jewellery disappeared and she came in the form of a widow, and Smoke started coming out from her body. Lord Shiva came out of Maya and announced that this widow form will from today be known as Dhumavati Mai. Mai Dhumavati is said to be the giver of boons with a soft heart. Dhumavati is described as a great teacher, which reveals the supreme knowledge of universe which is beyond the divisions like auspicious and inauspicious. His ugly form teaches the devotees to look within the tormented and seek the inner truths of life. At present the only idol of Dhumavati Mai is located along with Maa Pitambara Shaktipeeth in Datia district of Madhya Pradesh. Till date no one knows from where it was brought.

Om sataashram

What is Satpatri?

Sanatan is having every part of science embedded in it , understanding of the cosmic energy of the universe, positive frequencies (waves), understanding of how to benefit ourselves from that energy is the gift of this Sanatan. This Satpatri is an account of your life, your past, present and future. It is a reflection of your destiny, your actions. By unifying the understanding of all the knowledge of astrology through ancient Vedic scriptures, the preparation of horoscope and its remedies are contained in Satpatri. It is important to understand Bhachakra before starting. Bhachakra is also called zodiac cycle. The first Nakshatra in the zodiac circle is Ashwani Nakshatra, after this Bharani Nakshatra, after this Kritika Nakshatra, there are total 10 constellations. A zodiac sign is made up of two and a half constellations. For example, the first two constellations Ashwani and Bharani form Aries in Vedic astrology.

Satpatra-11 (part 2 of 2)

Om sataashram

The horoscope is formed by the zodiac sign and the position of the planets and stars located in it. If it is made accurately the person's situation, circumstances, intentions and destiny are predicted accurately.

Satpatra 12

Om Satashram

What is more important between luck and karma?

If your destiny is high and your karma is low, you will not get progress and if your karma is high and your destiny is low, you will not get the right path. It was the fate of a woodcutter that he had to establish his empire on the entire earth and Shri Chanakya got his karma in right direction, that woodcutter defeated Dhananand, the ruler of the magadha, and became the great Chandragupta Maurya. Of course, you cannot make changes with your destiny, but by changing the pace of your actions and having a spirit of clean karma, you can change your future destiny and make it positive as well.

Satpatra-13

Om Satashram

Sins and virtuous deeds!

While doing any work, if your soul is feeling remorse, someone else's soul is experiencing sorrow through you, you are suffering physical, mental and spiritual pain due to any work or someone else is suffering physical and spiritual pain through you. And if you are suffering from mental distress, then that action itself is a sin, everything else is virtue.

Satpatra-14

Om Satashram

Miracles in Satashram are called science. The history of Satashram is 2000 years old. And every single incident that happened in the Ashram, and contributed to the formation of Satashram, also been recorded in satpatras with the permission of Guru Maharaj Ji. One of them was the sighting of a white squirrel. When Sataashram was being started in the physical world, there were 15 such incidents. After this it was decided that Satashram would come. Sataashrams were not the idea of any human being, it is the blessings of Shri Ganesh, Lord Batuk Bhairav, Shri Dhumavati Mai, Shri Pitru Devas, Shri Guru Ji Maharaj, Shri Guru Ji and is an initiative for the welfare of humans and living beings. Om Satashram

Page 1 (total pages 4)

In sataashram, whenever a devotee comes, he is given a prediction just by looking at his face, many times by looking at his hands, many times by looking at the lines on his forehead, and no value was taken for it, but when no monetary value is taken for it, it gives the negative weight on devotee and sataashram both as this price is being used for the needy in trust of Late Shri PUNNURAMJI CHARITABLE trust . Hence SatPatri was created which contains all the predictions of past, present, future and remedies for the entire life to come. By doing those measures mentioned in your personal satpatri, and recommended satstones they change the fate of any devotee, and if something positive is going to happen then that will turn out to be ultra positive and if there is anything negative then satpatri and satstones will be like an armor for any upcoming crisis, then the troubles that are going to come on devotee will become negligible. Similarly,

Satpatra 15 (part 2 of 4)
Om sataashram

if the life span of a devotee is no more on this earth, then the remedies and all the recommended stones are so auspicious and powerful that Because of that moksh is confirmed . If you are having positive fruits than devotee can get the best outcomes of that positive fruits from satapatri and abhimantrit satstones.

Satpatri-15(part 3 of 4)

Om sataashram

Price of satpatri is kept 5100/- INR as till date and price of abhimantrit powerful satstones is also kept negligible. If you will only do measures from satpatri then definitely you will get best fruits, but if you are having abhimantrits satstones also then you will get 100% results of that positive fruits.

Satpatri 15 (part 4 of 4)

Om sataashram

If you are a doctor and some patient come to your hospital and you just diagnose him and you tell the patient that he will be okay after taking the medicines, but patient just avoid medicine because of the cost of medicine then he only increases his disease just like that when you come to sataashram and diagnose your kundli dosh but because of little price which is donated to our trust for helping the needy you just avoid thinking about that price then it becomes a matter of tension for satpurush of sataashram.

Satpatra-16 (PART 1 OF 2)

Om Satashram

Mam saatvik Manushay cha:

According to Guruji Maharaj, it is about Satyug, after the Ice Age, today's humans or whom we call homo sapiens in English appeared. It was the time of Satyuga, sin was negligible at that time. An Adiyogi appeared on Mount Kailash. His aura was very strong and he was found in samadhi. People came to him and were impressed by his fearlessness.

Satpatri 16 (Part 2 of 2)

Om sataashram

Days kept turning into months and months into years. Generations passed and kingdoms came. When he opened his eyes after 2200 years, everyone asked this great yogi, Lord, who are you? So the Mahayogi said "Mam saatvik Manushay cha: (i.e I am a saatvik human being) When the devotees chant this mantra and along with the abhimantrit satstone, then they are spiritually, physically and mentally strengthen, their wishes are fulfilled and more good news they receive from the universe.

Satpatri-17

Om Satashram

May Satashram do good to everyone!

Thousands of devotees get auspicious results through Satashram and the Abhimantrit Satstone, upcoming troubles are averted, problems are taken away, Pitradosh does not remain in the coming generations and happiness and peace are experienced. But just like you put a piece of saffron in water, that saffron gives good aura, fragrance and color effect to the entire water. Similarly, the when you awaken people about Satashram and Abhimantrit Satstone. Then the Lord experiences joy and when He experiences the joy, His devotees will experience great joy ,pleasure and happiness. Therefore, there is an order and request to all the devotees that the speed at which good is happening to you, Awake other people to get to satmaarg and join sataashram so that all of them can also benefit from the ashram and live a virtuous life.

Satpatra-18

Om Satashram

Time and Timeline

Time is a dimension, a dimension which is different for everyone but still shows the same trend. Today, if time is yours, it will behave according to you and if it is not yours, it will behave opposite to you, but this time does not change its tendency but your nature. Time and time cycle changes, which is also called timeline in English. You can change it automatically through your deeds. Earlier when human life was in Satyuga then deeds done by any human decided the fate of that human being for next births. And with this **diff. timelines are also decided. For example if it is written in your life to be a high class officer but you do bad karmas (sins as described in satpatri earlier) then your timeline will be changed and bad things will happen to you . Abhimantrit satstone will surely help you but karmas are in your hand.**

Satpatri -19 Part 1 of 3

Om sataashram

There were four mantras from dwapar Yug and Mahabharat kal which were bestowed upon sataashram by Shri Ganesh and Dev of sataashrams. 2 mantras out of 4 are used in invoking satstones and 2 mantras are for safety of all human beings. Abhimantrit satstone is of four colours, first colour is green satstone which cost 5100/-, second colour is red satstone which cost 11000/-, third colour is lumas which cost 21000/-, and 4th colour satstone is of white colour which cost 51000/- , 1 lacs and 3 lakhs. Satstone priced upto 51000/- is invoked by one Mantra out of two mantras and if someone's kundli is having strongest pitradosh and his kundli is literally in very bad shape due to previous karmas. then white satstone which is invoked by 10 lakh Mantra and 21 lakhs Mantra are respectively kept in the price range of 1 lacs and 3 lakhs respectively. Only 2 percent of whole population falls in these two categories

Satpatri - 19 (Part 2 of 3)

Om Sataashram

Colour of abhimantrit satstone is decided just for the knowledge of sataashram and devotee that by how many times that satstone is invoked by mantras. Green colour satstone is invoked by mantras for one lakh times, Red colours Satstone is invoked by 2 lakh times, Lumos colours satstone is invoked by 3 lakh times, and white colour satstone is invoked by 5 lakh Times. By blessing of Shri Ganesh ji, Shri batuk Bhairav ji, Maa dhumavati, Shri pitrdev ji, Shri Guru Ji Maharaj ,Shri Guru Ji, whatever is written by Ram is bound to happen but for example if there is an accident written in your destiny then that accident will out to happen but abhimantrit satstone will be like a helmet for you which will save you from any dire consequences. Destiny and Karma both are strong and primary.

Satpatri - 19 (part 3 of 3)
Om sataashram

Measures mentioned in satpatri of Sataaashram and abhimantrit satstone will be helpful in that situation only when your karmas are good and that will intern make your destiny bright. Your karmas from previous birth have already decided destiny for this birth but sataashram will improve gati of your previous Karma and will there by bestow health,wealth money, fame, good family throughout this lifetime. Abhimantrit satstone will not make you immortal but yes they can be helpful in giving you the best direction of life. may god bless you .
